

18u WWBA Tournament Format

Following the completion of the pool play, each team will be reseeded into new pools of four.

The new pools will be as follows:

- The 37 pool winners and 3 at-large teams will comprise the 10 championship pools. Those teams will play a total of 3 games from July 6-7. (see below.)
- The remaining 108 teams will be seeded into 4-team pool based on W/L%, Runs Allowed, Runs Scored. For example, teams seeded 41-44 will play each other in the same pool for 41st place. These teams will play 1 game/day from July 6-8. (see below)

Teams that don't play in the East Cobb Complex during pool play will be given the open time slots in the complex when they become available. East Cobb field 5 will not be used during pool play, but will be available from July 6-8. The dimensions of field 5 are smaller than the other fields we will be using and if you prefer not to play a game there, please let us know immediately. If you don't contact us, we will assume you can play on that field.

In the event of bad weather, the format could be changed. Please stay up-to-date by following www.worldwoodbat.com.

Pool Breakdown of Championship Pool Play
